Azbil Corporation (Tokyo Stock Exchange Code: 6845) announces that it will participate as a Platinum Partner at Industrial Transformation ASIA-PACIFIC 2026 (hereinafter "ITAP"), taking place from 21 – 22 October 2026, at Suntec Singapore Convention & Exhibition Centre in Singapore.

The banner is for the Industrial Transformation ASIA-PACIFIC 2026 event. It features a dark background with blue and red geometric shapes. The event dates "21-22 OCTOBER 2026" are in a blue box. The event title "INDUSTRIAL TRANSFORMATION ASIA PACIFIC" is in large white and red letters. Below it, "SUNTEC, SINGAPORE" is in a blue box. To the right, "HANNOVER MESSE a event" is in white, and "Industrial Transformation ASIA PACIFIC" is in a red box. A blue button with white text says "WE ARE EXHIBITING". The Azbil logo is in large red letters, followed by the tagline "Engineering the Impossible" in black. At the bottom left, "JOINTLY DELIVERED BY" is above the logos for Deutsche Messe and SMF. A large blue button with white text says "Register Now >".

Azbil to Present Automation Solutions as a Platinum Partner at Industrial Transformation ASIA-PACIFIC 2026

Leveraging HANNOVER MESSE's expertise, ITAP 2026 is jointly organized by Deutsche Messe and the Singapore Manufacturing

Federation. Under the theme “Transform Tomorrow Today,” this year’s edition addresses a critical shift across regional manufacturing: accelerating the adoption and commercial deployment of digital technologies to drive productivity, resilience, and sustainable growth.

At ITAP, Azbil will showcase its theme, “Automation Solutions Driving Evolution and Co-Creation,” demonstrating how its solutions help customers turn operational data into actionable insights, optimize performance, and address evolving industry challenges. As a trusted automation partner, Azbil looks forward to engaging with manufacturers, facility operators, and industry stakeholders to exchange ideas, strengthen partnerships, and explore new opportunities for innovation.

Guided by its Purpose, “Expanding Technological Frontiers, Unlocking Human Potential,” Azbil will continue to create new value through its advanced measurement, control, and automation technologies and through co-creation with customers and partners, contributing to more reliable, efficient, and sustainable industrial operations.

Event Overview

Event	Industrial Transformation ASIA-PACIFIC 2026
Dates	21 – 22 October 2026
Location	Suntec Singapore Convention & Exhibition Centre, Singapore Hall 406, Booth B3
Registration	Registration site (Free registration for Visitor Pass)

Product Showcase	Advanced automation Control Valve 6000 Series: Engineered for optimal flow control performance, the Control Valve 6000 Series provides precise and stable control for industrial processes. Designed for reliability and efficiency, it helps plants maintain consistent performance while supporting safe and sustainable operations. we.ble™: we.ble is Azbil's unified brand for Next-Gen Solution for plants and factories. By bringing together Azbil's applications and services, it enables more seamless use of data and closer integration across operations. Through collaboration and co-creation with customers and partners, Azbil aims to support safe, stable, and efficient operations. Building automation Intelligent Building Management System (IBMS): An open and scalable platform that integrates, monitors, and controls multiple building systems through a unified interface. It provides operational insights that support efficient facility management and efforts to improve Power Usage Effectiveness (PUE).
