[Be Well Hospitals](), a leading secondary care hospital known for delivering accessible and affordable quality healthcare, achieved a remarkable medical feat by successfully removing 195 gallstones from the gallbladder of a 70-year-old retired teacher. This groundbreaking surgery stands as a testament to Be Well's commitment to bringing advanced healthcare closer to communities through its breakthrough healthcare delivery model.

From Left to Right: Dr Deepak Ravi, MS, FAIS; Dr R Raja, MS M.Ch along with the Patient

The patient, who had been enduring persistent abdominal pain and nausea for over two weeks, sought care at Be Well Hospitals in Pondicherry. Her condition required a combination of advanced procedures: Endoscopic Retrograde Cholangiopancreatography (ERCP) for stent placement and Laparoscopic Cholecystectomy for gallbladder removal. The complex case was meticulously managed by the expert team of Dr. R Raja, MS, M.Ch (Advanced Laparascopic Surgeon, Specialist in Endoscopic and Laser Surgery), and Dr. Deepak Ravi, MS, FAIS, Ch (Advanced Laparascopic Surgeon, Specialist in Endoscopic and Laser Surgery)supported by the hospitals dedicated staff.

The patient's family initially expressed concerns about undergoing major procedures; however, trust in Be Well's medical team and their expertise led them to proceed. The surgery was executed with precision and success, ensuring a quick recovery. Within just 60 hours, the patient was

discharged pain-free, filled with joy and gratitude.

Be Well Hospitals, known for its expertise in handling challenging cases, continues to [set new benchmarks](#) in minimal invasive surgery. The patient praised the exceptional care and support provided by Dr. Vijayabalakandan, [Dr. Ramkumar,and the entire medical](#) team, expressing immense satisfaction and confidence in the hospital's commitment to patient safety and recovery.
