

BookMyForex Unveils Global Forex Card with No Cross-Currency or ATM Charges

Category: Business

written by International Khabar | April 28, 2025

- **Zero Cross-Currency Fees** – Enjoy seamless international spending with no hidden conversion charges
- **No ATM Withdrawal or Cash Disbursement Fees** – Access cash overseas without paying extra
- **Enjoy up to 2% Cashback** – Get forex at 2% below Zero Mark-up Rate

As international travel picks up pace for the summer season, [BookMyForex](#) (a MakeMyTrip Group Entity)-India's largest online retail foreign exchange marketplace-has unveiled its all-new [Global Forex Card](#), built to eliminate the hidden costs of spending abroad. Loaded in USD, **the US Dollar denominated Single Currency Forex Card** is accepted in over 200 countries. It offers unmatched savings with **zero cross-currency fees, no ATM withdrawal or cash disbursement charges, and up to 2% cashback** on zero markup forex rates.

This card is especially suited for students and travellers going overseas for employment, immigration, and to exotic locations such as Vietnam, Indonesia, Central Asia, South America, and other lesser-known destinations, as it does not entail any cross-currency charges.

Commenting on the launch, **Sudarshan Motwani, Founder and CEO of BookMyForex.com**, *"While the appetite for international travel among Indians continues to grow, especially to emerging destinations like Vietnam, Uzbekistan, Kazakhstan, Indonesia,*

the Philippines, Cambodia, and Azerbaijan, most existing forex products still fail to solve one of the biggest challenges – cross-currency fees and hidden conversion charges. Whether it's credit cards, multi-currency cards, or even so-called zero-markup cards, travelers often end up paying 3% to 5% extra on every transaction when spending in unsupported local currencies. Add to that the burden of Rs. 300 to Rs. 800 ATM withdrawal fees, and managing money abroad becomes unpredictable and expensive. The [Global Forex Card has been designed](#) precisely to address these pain points and offer a smarter, more transparent solution for today's global traveler.

At BookMyForex, we are committed to offering our customers the best-in-class forex products and solutions. This Global Forex Card, offered via our forex partner, reflects that promise. We are confident this card will [set a new benchmark](#), and we anticipate a twofold increase in card issuance over the next year, driven by rising demand among frequent travellers and students.

Key Benefits of the Global Forex Card

- **Spend Globally, freely** – Enables users to shop, dine, and make payments in any currency across 200+ countries without incurring cross-currency charges.
- **True Zero Markup** – Offers complete transparency with forex rates and comes with no hidden markups or extra conversion costs.
- **Hassle-Free Cash Access** – Users can enjoy free international ATM withdrawals for convenient access to cash while abroad.
- **No-Fee [University Payments – Ideal for students](#)**, the card allows foreign university tuition payments without any cash disbursement fees.

- **Lifetime Free Card** – There are no issuance, reload, unload, or annual charges-ensuring full cost transparency and zero surprises.

Introductory Launch Offer

For a limited time, BookMyForex is offering two exclusive benefits on its all-new Global Forex Card:

- **Up to 2% cashback on every new forex order** – Customers get forex at [rates up to 2% lower](#) than interbank rates, i.e., the rates seen on popular search engines. The maximum cashback is capped at Rs. 7,500.
- **Free International ATM Withdrawals** with zero extra charges-no hidden fees, just seamless access to your money abroad.

Nitin Motwani, Founder & CTO, BookMyForex commented, *“Today’s global traveller is more informed and value-conscious. They don’t just compare airfares or hotel rates before planning their travel-they also compare forex rates and very well understand the hidden charges associated with foreign exchange. The Global Forex Card is built for this new kind of traveller. Whether it’s avoiding hidden rate markups and cross-currency fees or accessing cash abroad without ATM surcharges, we’ve focused on removing every kind of charge possible.”*

The single-currency forex card can be booked through the BookMyForex App or website. The card is available for currencies and purposes not supported by the BookMyForex Multi-Currency Forex card for international travellers. It is also offered to [international students](#), irrespective of the destination currency. Same-day delivery is available for orders placed before 1 PM on a working day. To explore the full range of card benefits, fee waivers, and details of the

introductory offer, travellers and students can visit bookmyforex.com.

About BookMyForex.com
