

Indian Kitchen Appliances Brand Glen Announces Independence Day Offer on BLDC Kitchen Chimneys

Category: Business

written by International Khabar | August 3, 2026

Glen Appliances Pvt. Ltd., one of India's leading kitchen appliance brands, today announced the return of its annual Glen Independence Day Offer, running from August 1 to 17. This year's edition puts the spotlight on the brand's BLDC (Brushless DC Motor) chimney range, offering customers up to 60% off as part of Glen's continuing mission to bring smoke-free, healthier kitchens into Indian homes.

Held every year around India's Independence Day, the offer has become one of Glen's most anticipated shopping moments. This edition's core message is an upgrade: encouraging households still using conventional chimneys to move to BLDC technology, which delivers stronger suction, quieter operation and greater energy efficiency. Alongside the BLDC range, the sale also covers Glen's heat auto-clean and designer chimney collections.

Hero Products in the Sale

Three models anchor this year's campaign:

- [CH6076HSRDCAC90 \(Double Draft Auto-clean chimney with Heat Sensor & BLDC Motor\)](#)
- CH6061LCDDCAC90 (Curved Glass Chimney with LCD Display and BLDC Motor)

▪ CH6052LCDDCAC60 (T-shape Chimney with LCD Display and BLDC Motor

Commenting on the sale, **Rintu Dasgupta, COO, Glen Appliances Pvt. Ltd.**, said, *“Indoor air quality is one of the most overlooked aspects of kitchen wellness in Indian homes. Every year, the Independence Day Offer gives us an opportunity to encourage this shift, moving households from conventional chimneys to our BLDC range, which is quieter, more powerful and more energy-efficient. Smoke-free kitchens aren’t a luxury anymore; they’re fast becoming an essential part of how modern Indian families cook and live, and we’re glad to make that upgrade more accessible this festive season.”*

Availability

The Glen Independence Day Offer is live on the Glen India website and across the brand’s network of 200+ exclusive Glen Galleries nationwide.
