

# India's Leading Preschool and Corporate Daycare Provider – The Banyan Integrates AI to Enhance Early Childhood Education

Category: Business

written by International Khabar | September 2, 2025

[The Banyan](#), India's leading preschool and corporate daycare provider, today announced its groundbreaking integration of artificial intelligence technology across its centers. The initiative introduces an advanced AI companion designed specifically to enhance early childhood education through safe, interactive, and personalized learning experiences.

**Swati Jain – Director, The Banyan**

This historic milestone positions The Banyan at the forefront of educational innovation, leveraging AI technology to revolutionize how children aged 6 months to 12 years learn, interact, and develop critical skills. The integration builds upon The Banyans 22-year legacy of excellence in early childhood education and reinforces its commitment to preparing children for a digitally integrated future.

The introduction of AI represents a paradigm shift in early childhood education, offering children access to responsible AI with built-in safety guardrails developed in collaboration with Meta. The AI companion features advanced capabilities including voice recognition, sentiment detection, and personalized learning adaptation, creating an engaging and safe environment for young learners. As the global AI in childcare and parenting market is valued at USD 4.7 billion in 2024 and predicted to reach USD 35.2 billion by 2034, The Banyans pioneering initiative positions the organization at the center of this rapidly expanding sector.

*“We are thrilled to pioneer this revolutionary approach to early childhood education,”* said **Swati Jain, Director at The**

**Banyan.** *“By integrating AI into our curriculum, we’re not just keeping pace with technological advancement – we’re defining the future of how children learn, grow, and develop essential skills in an increasingly digital world.”*

AI companion’s sophisticated technology suite encompasses multiple educational and developmental tools designed specifically for young learners. The AI companion teaches STEM concepts, languages, and general knowledge through fun, interactive activities while responding to children’s questions and commands with conversational AI. Its friendly voice is comforting and perfectly tailored to children’s needs, incorporating sentiment detection that recognizes and adapts to kids’ emotions, offering empathetic responses or tailored interactions.

Recognizing the paramount importance of child safety in AI interactions, The Banyan has implemented comprehensive safeguards including parental control applications that allow monitoring of usage and setting limits. The system features safe design with non-toxic materials, rounded edges, and kid-friendly interfaces to prioritize safety.

*“Our commitment to safety is unwavering,”* added **Swati.** *“Every aspect of AI’s integration has been carefully designed with child protection as the primary consideration, ensuring parents can have complete confidence in their children’s AI interactions.”*

This AI integration announcement comes following The Banyan’s recent recognition as “Most Influential Preschool of the Year 2024” and “Best Daycare of the Year 2024”, further solidifying its position as an industry leader. The organization operates centers across Delhi, Noida, Jaipur,

Gurgaon, Karnataka, and other major Indian cities, serving thousands of families through both standalone facilities and corporate partnerships with major organizations including HCL,

Taj Hotels, Indigo Airlines, Ashoka University, and MetLife.

Founded in 2003 by Mr. Nitesh Jain and spearheaded by Swati Jain, The Banyan is Indias premier preschool and corporate daycare provider, serving children ages 6 months to 12 years. With a mission to empower working parents, particularly women, The Banyan operates multiple centers across [India and maintains partnerships with leading](#) corporations. The organization is recognized for its innovative curriculum, commitment to child safety, and exceptional parent satisfaction rates.
