Kartik Daftari – MSME Best CEO [Business](#) Excellence Award

The Best MSME CEO of the Year award to Kartik Daftari echoes Hi-Tech Radiators Pvt. Ltd.s strong commitment to purpose driven leadership.

Expressing his gratitude, **Kartik Daftari, CEO, Hi-Tech Radiators** expressed, *"I am truly humbled to receive this honor. This is not only a personal achievement, but also an acknowledgement of the sheer hard work and commitment of every member of the Hi-Tech Radiators team. Our pursuit for sustainable growth, innovation, and contributing positively to the progress of the nation will always remain at the core of our companys ethos. I sincerely thank the MSME Chamber of Commerce and Industry of India for this distinction and to all the people who keep supporting our quest for excellence."*

Founded in 1989, Hi-Tech Radiators Pvt. Ltd. is a leading pioneer in the transformer radiator and distribution tank industry. The company continues to enhance its manufacturing capabilities through significant investments in advanced machinery, state-of-the-art equipment, and cutting-edge technologies. These new investments have enabled the company to offer its products with reduced lead times, further improving efficiency and customer satisfaction.

Furthermore, to offer high quality products, Hi-Tech Radiators has developed a robust internal cleaning and coating process for radiators, further establishing their reputation as an innovative and quality-driven organization in the industry. Additionally, the company operates its own HDG facility, providing it with operational flexibility to effectively meet the diverse needs of its customers.
