L&T Finance Ltd. (LTF), formerly known as L&T Finance Holdings Limited, one of the leading Non-Banking Financial Companies (NBFCs) in the country, has announced the launch of '**Sachet with Sachet**,' a cyber safety initiative to empower users with the tools and knowledge to navigate the digital financial landscape. Featuring the animated avatar of LTF's financial awareness mascot, Sachet Kumar, the initiative combines interactive technology with gamified learning to build safer digital habits for the New Year 2026.

LTF has created Ltfsachet.in to give users the tools to learn, prepare, and stay scam-safe. A primary feature is the Link Verification Tool, which allows users to paste suspicious URLs to quickly determine their safety. This tool utilizes Google Safe Browsing and the ChatGPT API to classify risk levels into a simple color-coded system: green for no risk, orange for moderate threats, and red for high-risk scams. Additionally, the platform offers gamified scam awareness quizzes themed around critical topics like UPI safety, deepfakes, phishing, advance fee scams, etc. Users need to navigate these real-life scenarios to earn the ‘Sachet Shield’ digital badge, recognizing them as ‘Scam-Smart.’

The microsite also provides a scam-safety [education](#) section, featuring a digital library of practical learning modules and past financial awareness videos to help users recognize and protect themselves against daily digital threats.

Ms. Kavita Jagtiani, Chief Marketing Officer (CMO) at LTF, shares, *“Today, nearly everyone with a smartphone has, in some way, been targeted by scams. Fraudsters have become incredibly sophisticated, using technology to make it nearly impossible to distinguish between what is real and what is fake. Those who are less digitally savvy are often the most vulnerable, risking the loss of their hard-earned life savings in an instant. ‘Sachet with Sachet’ is our sincere attempt to educate and empower every citizen. By providing active tools and simple guidance, we want to ensure that being ‘Scam-Smart’ becomes the new norm for everyone.”*

To drive widespread awareness, the campaign leverages a robust influencer and social media strategy built on interactive and community-led engagement. This includes unique podcast-style collaborations where influencers invite the animated mascot Sachet Kumar as a special guest to share actionable and scam-safe resolutions for the New Year 2026. This is complemented by a vox pop engagement strategy, featuring street-led interviews where creators have candid conversations with the public about fraud, awarding physical Sachet Shield trophies to those who demonstrate they are scam-smart.
