Dr. [Ashok Kumar Mittal](), Hon'ble Member of Parliament, Rajya Sabha

Dr. Mittal has advised students to embrace the next phase of their educational path with open minds and a spirit of exploration. *College [life is a period of immense growth](), where students are tested intellectually, emotionally, and socially. It is a time to pursue your passions, develop critical thinking, and prepare yourself to contribute meaningfully to society. While academic rigour remains important, I urge students to also focus on cultivating curiosity, compassion, and character to make themselves well rounded individuals."*

Dr. Mittal praised the Central Board of Secondary Education (CBSE) for continuing its policy of not releasing a list of board examination toppers, calling it a commendable move that

recognizes the diverse ways in which students succeed. *"A students potential and future success cannot be determined by marks alone. Values, creativity, and a willingness to learn continuously are far more indicative of what one can achieve in life."*

In a personal message, **Dr. Mittal** stated, *"To every [student who appeared for the board exams](#) this year, know that you are more than a mark sheet. [Celebrate your effort](#), reflect on your journey, and step into the future with courage and purpose. The world needs learners who lead with empathy and integrity."*
