India's used car market is on a strong growth trajectory – projected to increase from INR 2 lakh crores in FY23 to INR 5 lakh crores by FY28, with volumes rising from 4.6 million to 8.5 million units and is set to outpace the new car market, as per the **OLX Mobility Report FY23-FY28 (7th Edition)**.

Despite the presence of a large and growing network of used car dealers in India – including numerous leading players and millions of vehicles transacted annually – the industry has long lacked a formal, structured platform to recognize and celebrate dealer performance.

OLX Titan Awards National Winners

In a market where trust, transparency, and [service excellence are critical to sustained growth](#), the absence of an industry benchmark for used car dealers recognition has been a notable gap. Acknowledging this need, OLX [India launched](#) the **OLX Titan Awards** – a one-of-its-kind marquee initiative to recognise and celebrate the remarkable achievements of its used car dealer partners across India, and set new standards of excellence within the evolving used car market.

The Awards attracted participation from thousands of dealers across the country, highlighting the importance of recognising excellence in customer satisfaction, transparency and [business](#) performance within the industry.

“At OLX, our used [car dealer partners](#) are at the heart of everything we do. *They are the driving force behind our success in the used car market. The inaugural edition of the OLX Titans Awards is our attempt to recognise and celebrate the remarkable achievements of our valued dealer partners.
