India's pet parents are getting smarter – and so are their choices. Enter Pawsome Labs, a research-backed wellness brand for dogs that's changing how we approach gut health, joint care, and everyday vitality.

Founded by Jiten Valmiki, a long-time animal welfare advocate, Pawsome Labs creates supplements that are vet-approved, third-party tested, and made without unnecessary fillers, artificial flavors, or enzymes – a bold move that sets it apart in a saturated market.
