

Rockwell Group Partners with CRC Group to Design the Iconic Clubhouse for CRC Greens in Noida

Category: Business

written by International Khabar | May 20, 2025

In a significant milestone for the luxury real estate market in Greater Noida, CRC Group has collaborated with the internationally acclaimed Rockwell Group to design the clubhouse for its upcoming project, CRC Greens. This highly anticipated residential development is poised to set new standards in luxury living, with the clubhouse serving as the crown jewel of this exclusive community.

Rockwell Group, celebrated globally for its design excellence, has previously worked on several renowned projects in India. Their portfolio includes globally acclaimed ventures like The Cosmopolitan in Las Vegas and Nobu Hotels, further cementing

their reputation for creating extraordinary, sophisticated spaces.

Rockwell Group Partners with CRC Group to Design the Iconic Clubhouse for CRC Greens in Noida

An Exclusive Haven of Luxury

The clubhouse at CRC Greens will be a sanctuary for residents. Designed to offer an intimate and refined experience, it will cater to those seeking exclusivity and elegance. Complementing the development's premium residences, the clubhouse will provide world-class amenities that embody the pinnacle of luxury.

Kunal Bhalla, Founder and CEO of CRC Group remarked, *"Partnering with Rockwell Group to create this extraordinary clubhouse is a momentous step for us. Their unparalleled expertise in designing exquisite spaces perfectly aligns with our vision for CRC Greens. This clubhouse will be more than just a facility-it will be the heart of our community, where residents experience true luxury."*

Salil Kumar, Director – Marketing & [Business Management](#), CRC Group further added, *“This project, with its distinctive features and highly efficient design, is poised to gain global recognition for its innovation and strategic location. The collaboration with Rockwell Group will elevate the development even further, positioning it among the finest luxury projects on a global scale.”*

Designing for Elegance and Community

This thoughtfully crafted clubhouse will seamlessly integrate modern architecture with natural elements, creating an environment that is both inspiring and restorative. From lush landscaped gardens to state-of-the-art wellness facilities, every detail is meticulously designed to elevate the living experience. The clubhouse will serve as a gathering place for residents to foster connections, enhance well-being, and embrace a [lifestyle](#) defined by elegance and tranquility.

Greg Keffer, Rockwell Group commented, *“Designing the [clubhouse at CRC Greens](#) goes beyond aesthetics-it’s about creating a space that offers community, serenity, and a sense of belonging. Our design will reflect the sophistication of the entire development, providing a tranquil haven where residents can relax, connect, and enjoy the finest in luxury living.”*
