Flipkart, India's homegrown e-commerce marketplace, is set to transform how India shops for two-wheelers through a wide selection across petrol and electric vehicles as it prepares for its annual shopping festival, The Big Billion Days. As the festive season kicks off, Flipkart is reinforcing its position as the preferred destination for two-wheelers by offering a combination of variety, affordability, trust, and round-the-clock customer support.

The platform features a wide portfolio of commuters, performance, and premium bikes to top-selling scooters and electric two-wheelers spanning several leading brands,

including **Hero, TVS, Bajaj, Suzuki, TVS iQube, Chetak, Ather, VIDA, OLA & Ampere**, among others. The Big Billion Days 2025 will also witness the launch of **Royal Enfield Motorcycles** to offer a diverse premium motorcycle selection along with Jawa Yezdi, KTM & Triumph.

With the recent GST rate revision (effective September 22, 2025) bringing down the tax on two-wheelers below 350cc from 28% to 18%, customers now have an opportunity to maximise value on their purchases. This timely policy change aligns with Flipkart's festive deals and financing options, making it an ideal moment to invest in a two-wheeler.

As more customers turn to online platforms for important lifestyle purchases, Flipkart is meeting this shift with a digitally-enabled and transparent ownership journey that prioritizes accessibility and ease. With comprehensive on-road pricing, digital insurance, and financing options, Flipkart is empowering customers to make an informed buying decision. Additionally, 24x7 two wheeler expert assistance allows customers to get their queries addressed in real-time, enhancing the decision making process.
