

TVS King Kargo HD EV, Launched – Ushers in a New Era in Cargo Mobility

Category: Business

written by International Khabar | August 21, 2025

TVS Motor Company, a global leader in two and three-wheeler manufacturing, today launched the **TVS King Kargo HD EV** – engineered for the evolving needs of the urban and semi-urban logistics segment. The TVS King Kargo HD is purpose-built to combine cutting-edge technology, robust design, performance and reliability. The company also showcased the TVS King Kargo HD **CNG** variant, which will be launched before the end of the calendar year '25.

Launch of TVS King Kargo HD

The **TVS King Kargo HD EV** is designed to elevate safety, comfort, and connectivity for last-mile delivery operators. It introduces a host of **segment-first** features – LED headlamps and tail lamps for enhanced night-time visibility; a spacious cabin with fully rolling windows; stylish door trims for improved ventilation; and a dedicated Power Gear Mode that delivers superior torque under load. As **India's first** Bluetooth enabled cargo three-wheeler, it comes equipped with **TVS SmartXonnect**, offering 26 smart features. The twin-axis rear-view mirrors, enhance visibility, ensuring safer navigation through congested city streets.

Best-in-segment features (EV)

- Top speed of 60 km/h
- 6.6 ft Load Deck with Leaf Spring Suspension
- Warranty 6 years / 1.5 Lac kms
- Water wading capacity of 500 mm

- Charging time of 3 hours & 10 min
- Ground Clearance of 235 mm with the lowest loading height of 703 mm for ease of use
- Lowest Turning Radius of 3,420 mm for better manoeuvrability in tight spaces
- Shortest breaking distance with bigger drum diameter of 200mm
- Equipped with **TVS Connect Fleet**– India's first three and two-wheeler telematics solution for fleet owners

Commenting on the launch, **Rajat Gupta, Business Head – Commercial Mobility, TVS Motor Company**, said, *"The launch of the TVS King Kargo HD represents a transformative moment in the evolution of cargo mobility, aligned to our 'Re-Imagine 2030' vision. This three-wheeler will set new benchmarks by delivering an unmatched combination of smart features, high load capability, comfort, ergonomics and safety. Coupled with the TVS Connect Fleet, the vehicle will empower businesses and also improve the everyday life of operators. With the TVS King Kargo HD EV, we are confident of redefining customer expectations and enabling them to achieve more, every day, effortlessly."*

The TVS King Kargo HD EV is powered by TVS Connect Fleet, a robust web-based platform that empowers fleet operators of two and three-wheelers with complete control and visibility of their operations. With 31 advanced features including real-time tracking, remote asset control, APIs, alerts, reports, reminders, and intelligent dashboards, the platform ensures optimal vehicle utilization and enhanced uptime. Seamlessly integrated with TVS Motor's connected vehicle ecosystem, it delivers intuitive dashboards, actionable analytics, and a mobile-responsive interface designed for dynamic, on-the-go fleet management.

In the first phase, the TVS King Kargo HD EV will be available across key markets including **Delhi, NCR (Faridabad, Noida, Gurgaon, Ghaziabad), Rajasthan and Bengaluru** at a price of Rs. 3.85 Lakhs (ex-showroom Delhi).
