The award underscores the growing anticipation for the VinFast VF 7 among Indian consumers and industry watchers alike, as VinFast prepares for the official product launch of the premium electric SUV in the Indian market. [Unveiled earlier this year at the Bharat Mobility Global Expo 2025](#), the VinFast VF 7 has drawn admiration for its bold design, cutting-edge technology, and commitment to sustainable mobility.

The VF 7, a premium C- SUV, embodies VinFast's **“Asymmetric Aerospace”** design philosophy – a fusion of futuristic aesthetics and advanced technology. Showcasing the brand's signature V-shaped lighting, expansive panoramic glass roof, intuitive driver-focused cockpit with large touchscreens, and a suite of Advanced Driver Assistance Systems (ADAS), the VF 7 sets new standards in its category.

Targeted at environmentally conscious consumers, the VF 7 offers a compelling combination of premium design, cutting-edge innovation, and robust safety features. With its distinctive presence and strong value proposition, it is poised to make a powerful impression in India's rapidly evolving electric vehicle landscape.

On this award, **Mr. Pham Sanh Chau, CEO of VinFast Asia** said, *"We are truly honoured to receive the 'Most Awaited New Car' award at such a significant moment as we prepare to enter the Indian market with our products. This recognition is a strong source of encouragement for our teams in India and across the globe, reinforcing our commitment to delivering sustainable and innovative mobility solutions. We believe our premium electric SUVs will play a pivotal role in accelerating EV adoption in India. We sincerely thank the jury for their trust and support as we begin this exciting journey."*

With the VF 7 and VF 6 on the horizon, VinFast is charging ahead with its mission to bring innovative, electric mobility to every corner of the country. VinFast's manufacturing facility in Thoothukudi is expected to be operational by the end of June, serving both domestic and export markets. At the same time, the company aims to establish an omni present dealership network and develop EV infrastructure, including charging stations, to accelerate EV adoption in India.

About VinFast

VinFast (NASDAQ: VFS), a subsidiary of Vingroup JSC, one of Vietnam's largest conglomerates, is a pure-play electric vehicle ("**EV**") manufacturer with the mission of making EVs accessible to everyone.

VinFast's product lineup today includes a wide range of electric SUVs, e-scooters, and e-buses. VinFast is currently embarking on its [next growth phase](#) through rapid expansion of its distribution and dealership network globally and increasing its manufacturing capacities with a focus on key

markets across North America, Europe and Asia.
