What makes Atomberg fans stand out

Modern Indian homes demand appliances that are smart, stylish, and energy-efficient-and Atomberg fans deliver on all fronts. Here is why they are a top choice:

1. Saves up to 65% electricity

Powered by BLDC motor technology, Atomberg fans consume just 28-35W, helping you save over Rs. 1,500 per fan annually on electricity bills.

2. Smart remote control

Easily control speed, timers, and modes with a remote-no more wall regulators or late-night switch hunts.

3. Inverter-friendly

Atomberg fans run 3x longer on inverters during power cuts, ideal for areas with frequent outages.

4. Silent yet powerful

Enjoy strong air delivery without the usual fan noise-perfect for bedrooms and study rooms.

5. Premium designs

From matte black to wooden finishes, Atomberg fans complement any modern interior.

Ideal for every room and every budget

Atomberg fans are designed to suit a variety of room sizes and ceiling heights. Whether you are looking for a compact model for your kitchen or a designer fan for your living room, there is an option that fits both your space and budget. Popular models like **Atomberg Renesa**, **Efficio**, and **Studio+** cater to different styles and functionality needs.

Moreover, Atomberg offers fans in multiple sizes-from 900 mm

to 1400 mm sweep-ensuring you get the right airflow for every corner of your home.
