

Wealth-tech Platform InvestorAi Announces Senior Leadership Appointments to Drive Growth

Category: Business

written by International Khabar | June 4, 2025

- InvestorAi bolsters Leadership Team with Key Appointments of Nazim Sait, Sunil Semwal and Archana Ravichandra as the CFO, VP Labs and Head of Investment Products respectively
- InvestorAi is an AI-recommended equity investments platform working with top 20 broking firms in India impacting close to 20,000 retail investors
- The Company has also launched a range of new products including Intra-day and MTF baskets along with YouTrade as a delivery platform for its offerings integrated with Vani, its conversational agent to help retail investors to demystify investments terms, filter & crunch data to identify best investment opportunities
- InvestorAi has raised Rs 80 crore from well-reputed markets expert Ashish Kacholia

AI-powered equity recommendation platform, InvestorAi today announced key senior management appointments of **Nazim Sait Arif** as **Chief Financial Officer (CFO)**, **Sunil Kumar Semwal** as **VP Labs** and **Archana Ravichandra** as **Head Investment Product**. These critical additions to the Senior Leadership Team (SLT) accentuate InvestorAis commitment to accelerating its ambitious 5x organic revenue growth plans this year and cementing its position as a frontrunner in AI driven

investment solutions.

Nazim Sait, appointed as **Chief Financial Officer** will be responsible for Finance, Legal, Compliance, HR, and Admin functions. **Sunil Semwal** joins as **Vice President Labs** will manage the production release, tuning, and retraining of all AI models, directly impacting InvestorAi's core product offerings. **Archana Ravichandra** is the **Head of Investment Products** and she is responsible for the performance of the AI model portfolios and baskets. She will also work closely with CRO and engage with key stakeholders to boost revenue.

Speaking on the appointment, **Mr. Bruce Keith, CEO & Co founder, InvestorAi**, says, *"As InvestorAi continues its significant growth trajectory, we recognize the paramount importance of high-quality leadership that can effectively balance growth velocity with robust processes, stringent controls, and efficient delivery. Nazim, Archana and Sunil are incredible additions to our team at InvestorAi as they are exceptional leaders and operators. Their roll up your sleeves attitude and impressive track records align perfectly with our company culture and strategic vision."*

He further added, our immediate plans call for organic revenue growth of 5x, however we have a number of other opportunities available which will require additional senior talent, principally around investment management. We are observing a fantastic trend where some of the diaspora are returning to India, seeing fabulous opportunities to advance their careers, like Sunil and Archana. These strategic leadership appointments mark a pivotal moment for InvestorAi as it continues to innovate and expand its footprint in the AI-driven financial services sector.

Nazim Sait Appointed as Chief Financial Officer is a qualified CPA and an alumnus of IIM(A), bringing nearly two decades of experience to InvestorAi. His distinguished career includes successfully scaling a financial data provider startup from 20

to over 1,000 employees. Nazim excels in building high-performing finance teams, implementing efficient systems and processes, and demonstrating deep expertise in fundraising, acquisitions and exits. *"I am privileged to be associated with InvestorAi. With over 20 years of experience, I have led complex acquisitions ranging from business valuation and due diligence to post-merger integration. At InvestorAi, I aspire to further strengthen my expertise and become a leading thought leader in AI-driven finance. I believe that harnessing agentic AI to drive efficiency-while upholding robust safety and accuracy framework will be pivotal to shaping InvestorAis strategic direction,"* said **Mr. Nizam Sait, CFO, InvestorAi.**

InvestorAi has hired Sunil and Archana, who have relocated back to India from Singapore and Poland respectively. Sunil brings over 24 years of international experience spanning technology and capital markets, including significant stints in the US and Singapore. He possesses a rare and highly complementary skill set, holding both a Masters in Computer Science and being a fully qualified CFA. **Archana Ravichandra** brings over 10 years of global experience in managing risk across multi-asset portfolios and driving regulatory compliance initiatives. Throughout her career, she has worked with leading investment banks in both India and Poland, where she successfully worked in various capacities leading high-performing teams to achieve organizational goals.
